FAST-PLAY[®] THE FASTEST WAY TO PLAY

Fast Play is coming to your Illinois Lottery terminal in late September 2020. Fast Play games are quick and easy draw games that are available for purchase through the Photon terminal or Win30. There are no numbers to pick, no play slips to complete, no scratching, and no drawing that requires waiting.

Game Details	Eliminate the numbered coins in the Piggy Bank that match YOUR PIGGY BANK NUMBERS. Win the PRIZE amount beneath the last remaining coin.	Add the value of the two dice in each ROLL. If the total of any of YOUR ROLLS matches the total of the HOT ROLL, win the corresponding prize for that ROLL. Each ROLL is played separately. Win up to 4 times.	If the total in each of YOUR HANDS is higher or equal to the DEALER'S TOTAL, you win the HAND. Add up the total number of wins and ties then win the corresponding prize shown in the PRIZE LEGEND. Each HAND is played separately.	Match three like symbols out of the five in any SPIN across, win the corresponding prize shown in the PRIZE LEGEND. Each SPIN is played separately.

These four new games feature set (i.e., predetermined top prizes) and progressive (i.e., rolling jackpots) prizes. In a progressive Fast Play game, the jackpot begins at a set minimum and grows with each ticket sold State-wide, until someone wins. After the jackpot is won, it immediately resets to the minimum jackpot amount.

WINNER SPOTLIGHT

Life sure is sweet for retired Bloomington baker, Bob Bricker, who recently won playing the Pay Me! instant ticket he purchased at Casey's in Bloomington.

"I couldn't believe it. I was at home with my wife, and I thought I hit 100 dollars and that's what I was expecting," he said. "And then when I saw it was 1,000, I still couldn't believe it!" That's when Bricker looked at the back of the ticket and scratched to reveal the rest and realized he had actually won \$7,000.

Bricker has big plans to use his winnings to take his bride of 44 years, Diane, on a relaxing trip for their 45th wedding anniversary. Enjoy the trip, Bob. You've earned it!

AMERICAN DISABILITY ASSOCIATION

The Americans with Disabilities Act requires businesses to provide accessible entrances for their customers who have disabilities. Those who have mobility disabilities can have trouble using certain kinds of door handles.

Handles with a thumb-latch, panel-type handles, or round knobs are not accessible because the customer must grasp, pinch, or twist.

Accessible handles include lever and loop-type handles because they can be operated without grasping, pinching, or twisting.

Changing or adding door hardware to make your door accessible is usually easy and inexpensive, but it makes a big difference for those with a mobility disability.

For more information, call (800) 514-0301.
