RETAILER UPDATES

THANK
YOU

Thank you for your continued support as we've all had to adjust to the "new normal." **We appreciate your commitment to keeping your community healthy and safe.**

Illinois Lottery games offer customers a brief break in the monotony and stress of these uncertain times. We saw this specifically in Pick 3 and 4 sales, as they reached record highs! Players have won over \$21 million in prize money from the Pick games since the week of April 20, 2020.

RETAILER SPOTLIGHT

We want to highlight one of our retailers who has gone above & beyond during the COVID-19 crisis. Muji (Muji) Baqir operates the 7-Eleven located at 6559 West Archer Ave. in Chicago and is supporting his customers who are currently in need.

Recently, Baqir assisted his community by offering, via social media, to provide food to those in need. "I was taught growing up that where one person eats - two can eat too. We have to be more grateful and help someone in need," Baqir explained. **We are proud to have retailers like Muji in the Illinois Lottery family!**

HEALTH UPDATES

Please consider the following to ensure your employees & customers are safe while they are in your store:

- Display the "Tips For Playing It Safe From The Illinois Lottery" on or near the lottery equipment to ensure employees & customers know what is expected of them
- Monitor customer traffic around the vending machine and any other lottery equipment as customers tend to congregate around them before and after they make their lottery purchases
- Develop a schedule to ensure employees are cleaning the lottery equipment with wipes and appropriate cleaning supplies
- Communicate with your frequent lottery customers about any changes to policies, store hours, product availability, and longer wait times
- Think about offering services such as self-checkout, pick up or delivery services, or contactless payment

GROWING LOTTERY SALES IS AS SIMPLE AS **A-B-C**

RESPONSIBLE GAMING

During the summer months, there is an uptick in the number of individuals under 18 years of age who are visiting retail locations. It is important to ensure these individuals are not allowed to purchase Illinois Lottery games or redeem prizes. Here are some guidelines you can follow:

- Train all staff members about the requirements of the law
- Allow only individuals 18 years or older to sell lottery games
- Request valid proof of age from anyone you suspect is 25 years of age or younger
- Ensure store signage about the lottery age requirement is displayed
- Disable the instant ticket dispensing machine if you see an underage individual trying to purchase a ticket

It is illegal in Illinois for anyone to give or sell Illinois Lottery tickets to minors or to buy tickets for them. **Be Smart, Sell Smart.**

HELPFUL ADA INFORMATION

Wheelchairs and mobility devices

The Americans with Disabilities Act prohibits retailers from discriminating against people with disabilities. A retailer must permit individuals with mobility disabilities (i.e., players who use wheelchairs, manually powered mobility aids, and other similar devices) into any areas open to public use.

Retailers should:

- Make reasonable modifications to their policies and procedures to permit the use of power-driven mobility devices by individuals with disabilities, unless the retailer can demonstrate that the type of power-driven mobility device cannot be operated in accordance with legitimate safety requirements.
- Refrain from asking an individual using a wheelchair or other power-driven mobility device questions about the individual's disability.
- Ensure an accessible entrance, such as a ramp or lift, is available for use.

ILLINOIS LOTTERY SALES REPS RETURNING TO FIELD

Lottery Sales Representatives (“LSR”) returned to the field on Monday, June 29, 2020. The LSRs will not be able to schedule an appointment to visit retail locations at this time due to the need to see all retailers as quickly and efficiently as possible. As a result, the field team may be working extended hours, and sales calls may extend to the early evenings during the week and on Saturdays.

In order for the LSR to visit a retail location, store personnel must be following all State-mandated social distancing requirements and wearing face coverings. If store personnel are not following social distancing guidelines, the LSR will be required to leave, and your store may not be able to return books prior to the reactivation of the 90-day auto settlement process.

When the LSR arrives at your retail location, please provide the LSR all of the instant ticket books you would like to return.

The Illinois Lottery thanks you for your continued support during these times.

If you have additional questions or concerns, please contact the Retailer Hotline.
