Retail Transition and New Terminal Installment Begins This September

New equipment installation will occur from September through November in all Illinois Lottery retailers. These new retail terminals will deliver added functionality and exceptional performance. Thank you in advance for your cooperation!

Plan for a Smooth Transition

In order to complete the transition by the due date, please follow these simple steps:

- 1 **Confirm.** Confirm installation date and ensure staff members are aware.
- 2 **Prepare.** Make sure the area is cleared the day before the installation.
- 3 **Sign.** Sign for the new Intralot equipment when you receive your delivery.
- 4 **Secure.** Keep the new equipment in a safe and accessible place while waiting for the installer to arrive.
- 5 **Power On.** Keep the terminal powered on after installation to ensure it receives all software downloads and applications.
- 6 **Train.** Attend the training event (when scheduled), and train staff on retail Play Days.
- 7 **Sell.** Follow the retail readiness guide (to be supplied) to ensure you are ready to continue selling Illinois Lottery games.

Helpful ADA Information

Accessible Entrances

The ADA requires businesses to provide accessible entrances for their customers who have disabilities.

- Steps at the entrance can prevent access by a person using a wheelchair, walker, cane or can make entry difficult for those with mobility disabilities.
- Access to your business can be achieved with an alternate accessible entrance, a ramp or by installing a lift.
- If your business has two entrances, only one needs to be accessible. A sign must provide direction to the accessible entrance.

Regional Training

Retail Terminal and Equipment Training Mid-October to Mid-November

Illinois Lottery will arrange specialized retail terminal and equipment training at 16 regional training venues across the state. This mandatory training must be completed in order to continue selling Lottery products. Training will take place from mid-October to mid-November 2018. Illinois Lottery will also be holding in-store Play Days that will be led by participants who attended the formal terminal training. Look for more details coming soon!

Easy Installation Process

1

Notification of Installation

Intralot Call Center will contact you one week before your scheduled installation date to make arrangements.

2

Delivery of Equipment

New equipment will be delivered to your store the day before your scheduled installation date. Sign for the equipment boxes, and put it in a safe place while waiting for the installer to arrive.

3

Installation Confirmation

Your designated installer will contact you 24 hours before your installation appointment to make sure you are prepared to have the new equipment installed at the agreed time.

4

Day of Installation

Your installer will complete a store audit to make sure that the workspace is clear enough to complete the installation safely. They will have branded identification and an electronic work order. Once satisfied and following your confirmation, the installation process can begin. It will take up to 90 minutes to complete.

5

Post Installation

After installation, make sure the terminal is powered on to ensure all updated software and applications are downloaded. Once updated, you will be able to process all transactions on business changeover day in early December. There will be a separate rollout plan for the deployment of Win30 Dispensing Terminals, Triple Jackpot Boards and Customer Display Units. This will be scheduled after the business changeover date in early December 2018.

Contact your Lottery Sales Rep if you have any questions.
